## Our Local Police Have 4 Certified Divers

Two teams of two each, of qualified and certified divers are now available on the Belle Glade Police Force. Patrolman Willis, who is a graduate of the Navy School of Divers, and three newly qualified members of the force who received their certificates as graduates under Sgt. Bill Bishop, of the prescribed Coast Guard course — Chisholm, Waggon and Rutledge.

In ceremonies at the Municipal pool, Saturday afternoon, City Commissioners Bill Bailey and Bill Weathers presented the certificates to Waggon and Rutledge. Mrs. Chisholm accepted her husband's certificate, as he was absent on official business.

Graduates Waggon and Rutledge gave demonstrations of equipment for two diving methods — the Desco and the tank-on-back. Other demonstrations included removal of breathing equipment in "blow-and-go" surfacing. They did, without equipment, rehearse and return to the surface.

Under-water working was demonstrated by the two diving to a previously sunken tank, with tools, replacing plugs and attaching a pressure hose for the blow-and-go surfacing the empty tank.

The Desco method comes from the name of the apparatus which covers the face, and to which an air hose from the surface is attached to bring compressed air to them.

The tank-on-the-back, or tanks (2) are self-contained necessities of air, that allow the diver to remain until his supply is exhausted.

The "blow-and-go" operation is designed to free the diver should his lines or equipment become fouled, and allow him to surface. He is taught to take on a full load of air from the hose if practical, then to

control his exhaling as he rises, and the compressed air in his lungs expands in the rise. Navy divers have successfully used this technique from 300 feet depths, it is said. Sgt. Bishop, who is the source of the method from 100 feet down.

In a WET run in the North New River, last week the newly certified divers entered a cave in the banks, while searching the floor of the canal. Some disturbance caused the ceiling of the cave to fall and four the air lines. The two divers calmly employed the "blow-and-go" procedure to safely surface, according to reports.

"Buddy-breathing" is just that. If one of the team, and there's always two, finds his air source interrupted, his BUDDY removes

the line from his own face piece and allows the victim to breathe from the line, & returns it for alternate use. This is effective until the exhaustion of the supply of air.

"Originally," says Chief Charlie Goodlett, "we thought a few hours daily would be sufficient time off for the boys taking the course, but the intense training and eight-hour shifts quickly demonstrated that full time off was needed. I am glad our boys came through so well, and that we find ourselves ready 24-hours-a-day to answer calls for this service, when needed."

Equipment has been authorized by the City Commission, and the low bidder is expected to have it here this week.

## G. Wedgworth Adds Professional Laurels; Elected Pres. FF&VA

George H. Wedgworth of Belle Glade today (Tuesday) was elected president of the Florida Fruit and Vegetable Association.

## Two Officers Will Attend Vice School

Two of Belle Glade's city police force will attend a week's Crime Investigation school at the Peace Officers' Academy in Tallahassee this coming week.

Deputy Chief Bill Mathis and Sgt. Chisholm leave Sunday to begin classes on the Monday morning, with leave of absence and at the expense of the City and County.

"The school is operated by the Florida Sheriff's Association and the State Board of Education."

Wednesday he is reported as resting comfortably in the hospital in Belle Glade.

## Examinations For Police

Examinations under civil service, of the City for filling four vacancies on the police force, according to City Clerk, Vera Jones, on September 30th.

Through resignation of Patrolmen Granberry and Bakker and the addition of two to the overall table of organization, there will be four vacancies on October 1st.

There are no names on the eligible list at present.

## Director Talks On Industries For Blind

Director Dorothy Larkin of Lions' Industries, complimented, Belle Glade Lions on the sale of brooms and mops on election day, for the benefit of work with the blind.

In reviewing work of the Lions' program, the Director called attention to the spread of services since the origin of the project in West Palm Beach in '66. Placement of pre-school children in accredited nurseries, and kindergarten, talking book service and recreation are among the

additions to the program in recent years.

The speaker pointed out that funds to operate the Industries comes from sale of blind-made products, contributions from clubs of the county, from other civic clubs and from Thrift, Inc., of Palm Beach.

The Club was informed that the County Lions Clubs are now packaging light bulbs preparatory to the drive in the near future as another contribution to this worthy cause of industries for the blind.

## Wont You Help? City Beautification Program Meeting Sept. 23 At C of C

"Operation Face Lift" is the slogan selected for a program now underway for beautification of our city.

A Beautification Committee has been organized under the direction of Belle Glade Chamber of Commerce with Dr. Donald Fleish as chairman. At the second meeting of the group held last Thursday night, Jack Fulenwider was elected vice-chairman and secretary. Representatives from The Woman's Club, Belle Glade Garden Club, Lions, Rotary, Merchants Division of the Chamber, Belle Glade High School, Talisman Sugar Corporation and Mayor of Commerce were present.

All citizens of Belle Glade who have a desire to help beautify our community are cordially invited to attend a meeting of this committee on Thursday evening, September 23, 8:00 o'clock at the Chamber of Commerce.

The committee is asking for suggestions and community-wide participation is needed. Funds and physical effort will be needed, so that the issuance of violation tickets will be substantiated by properly operating meters.

The school is operated by the Florida Sheriff's Association and the State Board of Education.

Wednesday he is reported as resting comfortably in the hospital in Belle Glade.

The other three who effected the rescue are Frank Taylor, Harvey Mackey and Willie Tolbert, all of Belle Glade.

The rescuers brought Mr. Smiths immediately to the Gades General Hospital.

Mr. Smiths, it is reported, stated that he suffered a black-out as a result of medication, and had a hazy recollection of the accident, and of the rescue. He is firmly convinced and prayerfully thankful that the action of the four men in

the car just as it sank from sight into the water. One of the rescuers, Andrew Butler, 24, of 361 SW 8th Street Belle Glade was treated for severe cuts on his arm.

## Mrs. Tabit Robbed Of Diamond Rings

Radio listeners over a Miami station Friday morning heard a report that Mrs. John Tabit had been robbed and her house at 10323 S. W. 98th St., Miami had been ransacked.

Apparently three masked men entered by picking a lock in the garage at 4 a. m. Friday. They tied Mrs. Tabit, her son Peter and daughter Beverly at the point of a gun and robbed her of diamonds worth \$3,000. Before leaving they released Mrs. Tabit and told her not to give an alarm, but she ran to the telephone to find the wires had been cut. Further details are not known.

Mrs. Tabit is well known in Belle Glade having resided here for many years.

## Purse Snatcher Extradited Here In Murder Charge

Sgt. Chisholm of the Belle Glade Department has just returned from Wilmington, Delaware, with Clarence David Jackson, age 16, extradited from Delaware and bound over to the Grand Jury on a charge of murder.

Chisholm was required to definitely place the prisoner at the scene of the crime before the Delaware authorities in the prisoners' defense by a Public Defender. When assured that Florida has a Public Defender and one has already been appointed for the boy — the officials were more concerned with the actual evidence against him.

Attorney, E. C. Stover and Attorney Tom Johnson, were along in their official positions in prosecution of the extradition proceedings. It will be recalled that Annie Lee Benjamin, a restaurant operator at the parking lot in Belle Glade after closing her place of business around 2:45 A.M. June 3rd. When she resisted the evident purpose of snatching her pocketbook with approximately \$400 in it, she was shot to death. Andrew Jackson, age 21 and Joseph Lee, Jr., 27 are being held with the same charge against them, for participation in the murder.

## County Delegation Names Governmental Study Group

Mrs. Ruth Wedgworth and Rupert Mock are appointed members of the Palm Beach County Governmental Study Commission, a group of 13 male citizens representing labor, the education field, business and professional men and two women.

Under the law providing this group the first meeting is called for on September 29th at 10:00 o'clock in the morning. The purpose of the Commission is to conduct "research and study to determine the need, if any, for revision and improvement

of county governmental structures, including salary structures, fee systems, functions and operations and to determine whether efficiency or tax saving can be gained through revision of such structures, functions and operations."

The Fourth Estate is represented by Jim Jesse, Publisher of the Boca Raton News and Editor Kirkpatrick of the Palm Beach Post, a stock broker, insurance man, bankers, 2 lawyers a labor agent and two educators are among Britton G. Sayles, who was at one time Principal

## Mrs. Grigsby Victim Of Tragic Accident

Mrs. Flora Estella Grigsby, 51, of Fourth Ave. and Coconut Drive, South Bay, passed away Saturday 18 at Glades General Hospital at 6:30 p. m. from injuries received in an auto accident on State Road 80 about 3:30 p. m. Saturday.

The accident occurred in front of the new Glades General Hospital on S.R. 80 when her vehicle skidded into a large Australian pine. The front of the car badly glared one tree, which kept the car from going into a drainage canal and struck another tree sideways. The motorist was thrown against

the right side of the car, which was smashed by the impact.

Mrs. Grigsby was a native of Batesville, Arkansas and came to South Bay about three years ago from Orlando, Fla. She taught the fifth grade in Gove Elementary School last year and this year had been teaching on the faculty at the Elementary School in Clewiston. She was a member of the Church of Christ of Orlando.

Survivors include her husband Albert R. Grigsby of South Bay, office manager for South Bay Growers and a former City Commissioner in South Bay; one son, Larry T. Grigsby, 18

## Negroes Save Life Of City Prosecutor

City Prosecutor Thomas E. Smith was rescued from his sinking automobile by four Belle Glade men who were returning from West Palm Beach daily jobs at about six PM Tuesday afternoon.

The Prosecutor was on his way to court for official business at Tuesday night's City Court, when he struck a bridge rail at the entrance to Atlantic Sugar Co. on State Road No. 80. His car was thrown into the roadside canal, and was sinking when the four negroes who had seen the accident from their own car, returned and began their rescue attempt.

A window was broken, & Mr. Smiths removed from

## Operation Face-lift

Belle Glade's unquestionable rapid growth during the past few years, has brought additional demands for overall beautification.

Organized plans — best by those professionally equipped to originate such, BUT organized plans by someone — are necessary, it becomes more apparent each month.

Organized plans are good — they're just as good as the persons who will implement them, and it's the obligation of every citizen to contribute to the overall plan by his personal efforts as well as a donation of cash or materials.

Intermittently, organizations have begun campaigns for "clean-up and paint-up" with varying degrees of success. The City methodically cuts grass and weeds from vacant city lots. Many homes are beautifully landscaped with well-groomed lawns and shrubbery.

There is GREAT NEED for an overall plan of beautification in the City, with divisions of objectives as parts.

Whittling away day by day, month by month and year by year, would soon see Belle Glade distinguished as a "City Beautiful," for Nature is inviting in its response to the smallest effort.

Whatever group you may be associated with,

church, school, professional, social or otherwise may take up a small project, as a part of the whole, and become enthusiasts for a larger and better portion, with wholesome and refreshing satisfaction.

Dr. Donald Fiehs is Chairman of OPERATION FACE LIFT which has as its purpose planning Belle Glade's overall beautification, as a major committee of the Belle Glade Chamber of Commerce.

The Doctor's Committee invites suggestions and opinions.

The Doctor's Committee requests your active participation in whatever manner best suits you.

The Doctor's Committee must have the interest of all citizens with ideas, a hoe, a rake, a shovel — and somebody to "engineer" them.

Chauffeurs of these garden implements are important too.

A little bit by everyone will make a whale of a difference in Belle Glade in a short time!

IT WILL TAKE TEAMWORK — ASK WHAT YOU MAY DO — TELL THEM WHAT YOU'D LIKE TO DO — MAKE SUGGESTIONS AS TO PLANS, your own or anyone's else.

LET'S DO THE JOB IN A NORMAL GLADES MANNER — THE BEST!

THE COMING SCENE FOR BELLE GLADE.

## National 4-H Club Week

Whatever you're doing and wherever you live — during the week of September 23 through October 2 — you should give attention, interest and support to an observance that will take place at that time. It is National 4-H Club Week.

It would be difficult to praise the 4-H movement too highly. Because of it, great numbers of boys and girls are helped to learn the fundamentals of farming — and farming, in these days, is a combination of business, art and craft. The ancient virtues that are in implicit element in land and nature are combined with the technology of today.

We live in an increasingly urbanized society. Inevitably as that may be, a very great deal of the strength and the character of this nation is found in the rural side of its life. The land, and those who work the land, feed and clothe and sustain us. And there, away from the congested cities with all their problems, is the strongly beating heart of America.

There are no juvenile delinquents in the ranks of 4-H. They carry on those traditions — pride of purpose, fair dealing, independence, consideration for others — that are so vital to that heartbeat.

## In One Pocket... Out Another

The welfare state comes high — and the price goes ever higher.

Take these opening words of an AP dispatch: "Millions of middle-bracket taxpayers may be started next year when they start touting up the bill for medical care for the aged and increased old age cash benefits. For the typical wage earner, the increase in Social Security taxes will wipe out 60 percent or more of the income tax cut he received in 1964-65."

As an example, the dispatch tells of a man with a wife and two children earning \$6,600 a year, which is the top base on which social security taxes are levied — and which is also about the national median income. His income tax reduction was around \$140. Next year's

social security tax boost will take something like \$103 of that — and, under current schedules, there will be a further increase of \$13 in 1967 and still another of \$33 in 1969.

In other instances, taxpayers in the middle brackets will find that their total social security plus income tax bill is actually larger than it was before the much-ballyhooed income tax reductions went into effect.

Here is a perfect example of how the government puts money into one of our pockets — then promptly takes it out of another. And if he drive toward a total takes it out of another. And if the drive toward a total vastly larger than the put-in.

## Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

I see by the papers where the U. S. Census Bureau was estimating 38,000,000 people, representing 11,000,000 families, would move from where they were living to some other place in 1965. The piece said most of them was moving from one state to another, but about 25 per cent of them was just moving from one location to another in the same town or community. It went on to say about half the population of the United States was living in a different place from where they were living in 1960, either in another state, another town, or around the corner.

We was discussing this item at the country store Saturday night and Zeke Grubb was lamenting that few youngsters nowadays grew up in the community where their parents was born. Zeke allowed as how it was a great pity on account of they didn't get the benefit of having their grandparents, aunts, uncles and cousins help bring 'em up in the proper tradition for obedience, good manners, and church-going habits. He said he could recollect when he was a boy it was considered sinful for a feller to marry a girl that didn't live close enough for him to see the smoke coming out the chimney of her Pa's house.

Clem Webster was commenting that the grass was getting greener and greener over yonder as the years went by. Parthenore, said Clem, a young man couldn't use the chimney

yardstick no more on account of a heap of the new-fangled houses didn't have chimneys and them that did was cooking and heating with electricity, gas or fuel oil and didn't make no smoke you could see as far as a chicken could smell.

All the fellers, Mister Editor, was a little sad about them moving figgers from the U. S. Census Bureau.

And Josh Clodhopper reported, speaking of figgers, he had saw where the textile industry announced 40 million pairs of slacks was being sold to women this year. Josh was of the opinion, based on what he had saw, that 39,999,000 of them was two sizes too small, including the pair his old lady bought. Fer reasons of personal safety around the house, I reckon, they was no comment from the fellers on this item.

Some of the fellers got to 'alkine about Winter not being fur off and Ed Doolittle said a profet has got to stand on his record. He said he predicted Goldwater would beat Lyndon in 1964 and the Yankees would win the pennant in 1965, and with that "olendid record, he knowed his friends would be interested in hearing from him about the weather for the coming Winter. He reported he had took note where the birds was gathering in droves and the nuts was maturing early, so he was predicting a early Fall and a cold Winter.

Yours truly  
Uncle Dan

## Jimmy Wilson Supervises Golf Contest

An all-day golf tournament at the Country Club of Miami Sept. 20 will precede the 22nd annual convention of the Florida Fruit and Vegetable Association set to run here through Sept. 24 at the Americana Hotel.

The golf tournament committee of the FFVA headed by J. H. (Jimmy) Wilson, Belle Glade, has lined up the program to be played over the club's two 18-hole courses, each of them par 72. The Colloway handicap system will be used to determine winners. Both the east and west courses are slightly over 7,000 yards each.

Joseph A. Benner is professional and general manager of the Miami country club. Assisting Wilson on his committee are Harold H. Kattner, Sanford; Henry R. Pridden, Homestead; Andrew Spada Jr., Tampa; and Cola B. Streetman, Vero Beach, all FFVA members.

Only registered conventioners will be able to play in the tournament. Provisions have been made for registration at the tournament or registration may be made in advance.

A grand trophy as well as smaller trophies will be awarded winners of the tournament during the convention by Mr. Wilson.

## LEWIS LLEWELLYN

## SHOULD WE HOLD OUR ELECTIONS ON SUNDAY?

A bill to authorize the holding of national elections on the first Sunday in November instead of the first Tuesday in November has been introduced in the U. S. Senate.

Protests have arisen from groups and individuals who believe that any such move would work against church attendance and further weaken the moral structure of our society.

A county association of churches of one denomination in a southern state has adopted a resolution which says, in part, "Surely this bill is offensive to every Christian in America and many non-Christians. This nation was founded upon Christian principles and Sunday was recognized as the Lord's Day. Americans cannot sit idly by and let a few people tear down this honored day."

## MANY CRITICAL LETTERS

Sen. Everett M. Dirksen (R., Ill.) who introduced the bill in the Senate, has received a number of letters critical of this proposed legislation.

To one such letter he replied, "I am fully sensible of the fact that there has been objection on other occasions among church groups and it may be that my estimate of the importance of the political life and the relation of people to their government is much higher than the common estimate, because I believe there is something quite sacred about a citizen's duty to his government."

"The most basic of all functions of government," the senator continued, "is that of preserving the liberties of the people and therefore, in exercising the ballot, citizens undertake something which is quite holy... I do not believe the question of church and state separation is involved in this issue."

Voting is indeed an important obligation of citizenship. But to characterize this as "holy" and hence, presumably, something quite appropriate to do on Sunday, is to cloud the issue.

## INTERFERE WITH CHURCH

Obviously, if voting is to be done on Sunday, it will interfere to some extent with church attendance, at least on the part of the large number of election officials and others who are obligated to work long hours on election days.

More important, it seems to me, it would be an other indication of disregard of the church and of God in the life of our nation. Would it not be a shame to make this attitude official, by deliberately scheduling an event of national importance — the election of our president and members of both houses of Congress — to conflict with the regular Sunday worship services in the churches of our country?

This is not something vague or imaginary. It is a bill — Senate Bill 1211 — which has already been introduced in the U. S. Senate.

## Other Editors Say -

CLAY CITY, KY., TIMES: "We are on a drunken, spending spree which can lead only to disaster. No one wants to work. No one is required to work. There are more government jobs than there are civilian jobs. In fact, the smartest route for the teen-age boy today is to go into government service... either militarily or through one of the 1,000 and 1 other federal agencies which retire you on pension after 20 years. As a federalist state we are quite young. However, history may one day record that we fell by the wayside fighting over money — the same way all ancient civilizations have died. Why?"

GOSHEN, IND., NEWS: "Of course the shortage of farm labor is due to Secretary of Labor Wirtz' cutting off of foreign workers, mostly Mexican. He wants American labor used. But if Americans, hypnotized by government checks and handouts, won't work, then who but foreign labor is going to gather the food crops to feed the bums and loafers who are living off the taxpayers? The government is simply going to have to tow down this war on poverty stuff and tell those who don't want to work to get off the wagon. There is no other alternative."

### A Tribute to Dr. Albert Schweitzer

By W. R. Boland, Pastor.

St. Paul, in writing to the Christian church at Rome in the middle of the first century, said, "Render therefore to all their dues; tribute to whom tribute is due; custom to whom custom; fear to whom fear; honor to whom honor" (Romans 13:7).

Certainly Dr. Albert Schweitzer deserves a few paragraphs of our space in our newspapers today.

When he died at his hospital in Lambarene, Africa, on September 4, he had given over 50 years of his talented life to help people to live.

Dr. Schweitzer was a man of many talents. He was the world's greatest authority on the music of Johann Sebastian Bach. He wrote a book on the subject in French which he re-edited in German and it emerged from the press twice the size of his first edition in French. Later, at the request of the English speaking world, he translated his works into English. His parents, his paternal grandfather and his teacher Charles Marie Wider, had inspired and instructed him in his musical quest. He was always welcome to give concerts on the finest organs of Europe. These concerts gave him support for his hospital in Africa.

Dr. Schweitzer was also a leading theologian. His father was a Lutheran minister and his interests fell

along that line. While in the Universities of Strasbourg and Berlin he earned doctorates in philosophy and in theology. When only 24 years old he became deacon and curate at the church of St. Nicholas in Strasbourg. Soon he was made principal of the Theological College of Strasbourg and enjoyed a very happy life for several years. When he was 21 he had resolved that he would pursue his studies and his music until he was 30, and then give his life in direct service to humanity. He felt that he could not receive more from God than he gave to his fellowmen. He

therefore resolved to give up his principality of the Theological College and study medicine. Seven years later, when he had finished his medical studies and internship, he offered himself to the Paris Missionary Society to serve in Africa. He was accepted as a Doctor but forbidden to preach because of his liberal theological views. It was understood also that he would raise the necessary funds to support this mission.

On March 26, 1913, Albert Schweitzer and his wife, Helen Bresslau, whom he had married the year before, embarked for Africa. When he got to the mission station at Lambarene he found a chicken house was his consulting room and a corrugated-iron building 13 x 26 feet was his operating room and dispensary. Here he ministered to the needy people of that area. It was estimated that in his lifetime there he brought medical help to over one million and one-half million people.

Today we stand in reverent awe and tribute to one who gave so much to give and gave it all. His life is a rebuke to our own indulgent lives in this prosperous land of America.

### St. Philip Benizi School Of Religion Enrolls 180

Classes in the Confraternity of Christian Doctrine and junior high classes are: 1st grade, Mrs. John O'Connor assisted by Mrs. Jorge Iglesias; 2nd grade, Sister Cecilia Marie; 3rd grade, Mrs. Fred Youchuck; 4th grade, Mrs. Alvaro Sanchez; 5th grade, Mrs. Bruce Brown; 6th grade, Mrs. Al Weber; 7th grade, Mrs. John Grady; and 8th grade, Mrs. Vernon Dexter.

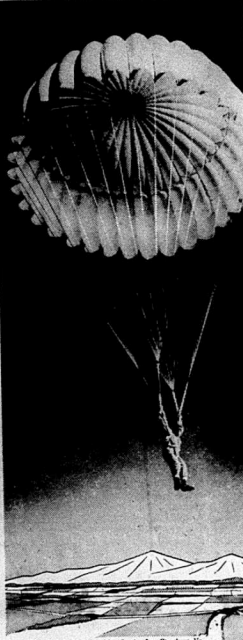

The School of Religion is under the direction of the Pastor, Father F. Fenech and supervised by Our Lady of Victory Missionary Sisters. The Sisters missioned to Belle Glade this year are Sister Priscilla, Superior, and Sister Gabriel Marie and Sister Cecilia Marie. These Sisters coordinate the religion classes for the Western Diocese of the Catholic diocese of Miami.

The Victory Noll Sisters began their apostolate in Florida in Punta Gorda in 1911 with religion classes for children, and in 1955 in Sebring. The Sisters came to Belle Glade in 1962. The following year, at the request of Bishop Coleman Carroll, they relinquished full time teaching of children to take on the task of co-ordinating the Confraternity of Christian Doctrine for the diocese. They train lay volunteers by giving the course in methods and doctrine, supervise religion classes and assist pastors & teachers in conducting the Schools of Religion. This takes nerve! Imagine dropping into space with nothing but a "silk umbrella" between you and eternity! Yet men do it every day, and they trust that umbrella as we would trust our best friend.

Faith is something like that white parachute, as thousands upon thousands of Christians can testify. Faith upholds you and supports you, no matter how rough the going may be. Without faith in a loving God, man is very much alone... and man was never meant to deal with life's problems by himself.

Like the first parachute jump, faith isn't easy at the beginning. It takes courage to hand over the reins of one's life, but you can be sure of one thing... you'll always land on your feet. Strengthen your faith by attending the church of your choice.

### THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest force for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Andrews Pilots MATS Starlifter

Technical Sergeant Hussein F. Andrews, son of Mr. and Mrs. David Alshrocks of Rt. 1, Clewiston, Fla., is a member of the first aircrews at Charleston AFB, S. C., to fly the Military Air Transport Service's (MATS) new C-141 Starlifter.

Sergeant Andrews' unit at Charleston — the 3rd Air Transport Squadron — recently received first delivery on the east coast of the giant Lockheed-built jet transport being added to MATS' airlift fleet.

With cruising speeds of more than 500 m. p. h., the versatile Starlifter can transport up to 63,000 pounds of cargo or 154 combat troops nonstop from Charleston across the Atlantic to Europe. The aircraft's short take-off and landing characteristics make it usable at 1,850 airports around the world.

The sergeant, an aircraft loadmaster, is a graduate of Clewiston High School. His wife, Dorothy, is the daughter of Mr. and Mrs. M. C. Sparlin of Rt. 1 Clewiston.

## Continued Progress---

### Reports By City Dep'ts

**SEWAGE**  
12,345,100 gallons is the flow to the sewage plant for August.

The following copied from the report to the City Manager, wasn't intended for publication.

You might think the sewage lines are for hauling trash and garbage, rather than household waste.

Some items found include pieces of 2" x 4", rock, dish rags, potholders, scouring pads, items of clothing, leather belts, screw drivers, plastic toys, plastic laundry bags, car springs, broken phonograph records, pieces of glass. This just isn't sewage.

Sewage is the waste water from the toilets, the kitchen sinks, the bathtubs,

showers and laundries; anything else should be put in a garbage or trash container.

**BUILDING**  
There were eight new homes begun and two apartment houses. The homes averaged \$13,500 and the apartments \$19,850.

Four business buildings were licensed for \$156,640. Two schools are having additions to cost \$150,000.

There were 198 sewer connections. Repairs and additions were asked by 18, averaging \$2,000.

Compared to same month last year, building permits are down more than a million and a quarter.

**FIRE DEPARTMENT**  
There were 13 alarms during the month, nine fires and four other.

The booster hose cared for six fires, the 1½" "out-ened" one fire.

The loss is estimated at \$3,950 for buildings and \$1,610 for contents. Payments made two inspections.

**LIBRARY**  
There were 1,890 patrons who circulated 1,890 items, with juveniles counting for 1,024. 64 new books were added.

**WATER DEPT.**  
35,207,900 gallons of water were pumped into the mains. 127 meters were turned on, and 98 cut off; 25 leaks and 14 meters were repaired.

The crews laid 8" main west from 441 to SW 1st St., and tied in all small mains from SW 10th to SW 2nd street.

**STREET DEPT.**  
Built SE 9th from SR 90 to SE Ave. G, by removing muck and replacing with rock from City Pit; removed 72 trees from south Road

No. 80; removed muck and replaced with rock SE 6th extension; prime and sand parking area at Marina; built 100 feet sidewalk on SE 2nd Street; built bridge across canal on Ninth.

Other miscellaneous work  
The sweeper travelled 557 miles and picked up 127 of debris.

**BUILDINGS & GROUNDS**  
Painted and installed numerous signs for Marina, Country Club, and City Streets. Moved and trimmed trees on dikes. Painted rest rooms at Marina, City Hall and offices.

Did work at Lyons and McDonald parks.

Work at both City Pools and carried on regular vacant lot mowing. Numerous minor repairs, improvements and additions at City-controlled areas and buildings.

**POLICE DEPARTMENT**  
Of the 154 arrests made, 133 were fingerprinted, classified, filed at home and with FBI. The jail had an average of 36 daily customers.

Of the 20 traffic accidents reported, 17 were damaged \$50 or more for a total of \$5,380. There were 10 parking meter tickets collected, along with \$613.90 from the meters. Fine and bond money collected along with \$813.90 from the meters. Fine and bond money collected amounted to \$4,828.35.

A free toll taken on one car; one drunk was taken in for driving; one car struck a pedestrian, who didn't get out of his way; other violations include 8 who failed to have vehicle under control, and 3 didn't yield the right-of-way.

One hundred agriculture industry leaders from Crest view to Homestead joined forces this week with 155 University professors on 26 statewide DARE (Developing Agricultural Resources Effectively) committees.

Operation DARE is a massive, continuing effort aimed at realizing the full agricultural potential of Florida, "the nation's fastest growing farming state," says Dr. E. T. York, Jr., architect of DARE and provost of the Institute of Food and Agricultural Sciences.

York announced today the 1965-66 DARE Institute staff committee chairmen and industry members of which Inman Weeks of South Bay is on the Vegetable Committee.

On Sugar cane, Dr. W. T. Forsee is Chairman with J. B. Boy of Clewiston, John Tidklee of Belle Glade, L. P. Herbert of Canal Point and Frank Yon of Moore Haven, as members.

## Did You Overpay Insurance?

The Florida Insurance Department recovered \$7,578 for 140 Floridians who overpaid their automobile insurance during the first seven months of 1965.

State Treasurer - Insurance Commissioner Broward Williams said a regular audit of all assigned risk automobile insurance policies reveals overcharges on premiums.

The department's financial responsibility division notifies the insurance companies of its findings and seeks a refund if it is warranted.

Williams said most of the overcharges are made thru a miscalculation of the premium by the company. Refunds are paid promptly upon notification, he said.

## Marching Band Supports Rams

Belle Glade High School's marching band will be in high stepping form Friday night as the Golden Rams play Forest Hill's flying Falcons in a Suncoast Conference tussle here at Memorial Field.

The band has prepared 2 special fan fares for the upcoming event to go along with their military maneuvering. They will make a special salute to the Forest Hill section with one of their tunes: Climaxing the half time show, they will salute the Belle Glade crowd and then play the Alma Mater before marching off.

Senior twirlers will be Beverly Steele and Pat Lane. Others are Carol Williams, Gail Parker, Frances Collins, Jackie Baughman, Kathy Battle, Joyce Bradshaw, and Winkie Williams. This will be the second game of their final year for 12 talented Senior musicians. They are Glenn Wolf, Eddie Haines, Adrian Boots, Janice White, Alice Stevens, Jane Wierengo, Mike Williams, and Jo Ellen Hudson.

## Rams Will Battle Falcons

The Belle Glade Golden Rams will battle Forest Hill Falcons tomorrow, September 24, on the home field. This is Belle Glade's second home game of the season.

Last year Forest Hill had a tough time winning over Belle Glade. They managed only one touchdown against the Rams.

Under the direction of a

## F. T. A. Holds Meeting

"We plan to have a different form of inducing new members into our club," says newly elected president of the Future Teachers Club, Brenda Kelly. The other officers are Jane Zump, vice-president, Linda Hollingsworth, treasurer, and Brenda Bass, secretary.

At a meeting Tuesday 21, 7:30 p. m. at Mrs. Stevenson's house, plans for the year were discussed by the new members.

New members for the club, or some other field of medicine.

The Para Medical Club begins its fifth year with Mary Kate Ponder as president, Patricia Williams, vice-president, Tanya Croft, secretary, Janice White, treasurer, Linda Lee, student council representative, Jo Ellen Hudson, historian, and Lura Livingston, student board member.

If any student wishes to join this club, contact one of the above officers or Mr. Litchfield, the club's sponsor.

## Support The Rams

new coach, Jerry Jacobs. Forest Hill can be expected to come up with a few surprises for the Rams. When asked whether or not we would win the game, Coach Bill Burke stated, "We have never played a game yet in which we felt we would be defeated." He added that this is one of the toughest, if not the toughest, game of the season.

Interviews with captains Cary Wall and Mike Shiver reveal that the boys feel they are more experienced and in better shape this year to meet the Falcons.

## Student Council Gains New Representatives

Eight representatives for the Student Council have been elected.

Qualifying candidates were allowed one week to submit a petition stating their capabilities and qualifications signed by at least 20 students to the Student Council officers.

Assisting these officers are Sandy Goodbread and Jorgi Crews, librarians; Tanya Croft and Jerry Foster, robe chairmen; and Tanya Croft, program chairman.

Miss Janice Schwab is director of the all-girl Glee Club which has fifty-five members. In support of the school spirit, Miss Schwab is arranging the Alma Mater in the coming months.

Entertainment is being planned for the Lion's Club which sponsor's the Glee Club, and for other service clubs in the town.

Regardless of the fact that our boys are comparatively smaller in size, they have the desire and determination to overcome this disadvantage.

The Rams are not requiring to play Forest Hill, because they are in different divisions, but they have accepted the challenge to compete with this much larger school and much larger team in both size and number. The Rams have indicated that they will be out there fighting to "down the Falcons."

mores; Terry Lee and Angie Gressinger, Freshmen. At the close of the one week, students nominated were Jerry Foster, Pat Vaughn, Lamar Groves, Jimmy Jackson, Joyce Kirshman, Riley Foster, Pat Williams, and Jan White, Seniors; Pat Brundage, Lura Williams, sophomore.

Returning from last year are 2 seniors: Patricia Hodges, serving her second year on the varsity squad, and Dee Dee Mikovsky who was elected captain by the squad serving her third year.

There are also two familiar faces: Mrs. Wanda Goggin, the sponsor who gives the girls support and understanding, and Kim Cooper, daughter of Mr. and Mrs. Hoke Cooper, as their mascot.

Captain Dee Dee Mikovsky announces that game uniforms will be delayed, but will be presented as soon as possible.

## Rams Begin Season With Victory

### Forest Hill Representatives Will Attend Pep Assembly

### Pep Club Earns Letters

"This should be our most enthusiastic year," said Pat Vaughn after the first meeting of the Pep Club at which officers were elected. They are Pat Vaughn, president; Kathy Barron, vice-president; Jorgi Crews, secretary-treasurer; and Jane Wierengo, program chairman. These officers designed a point system for earning letters, which is:

Decorating goal — posts — 5 points.  
Taking notes to cheerleaders — 2 points (JV's & Varsity).  
Attending varsity games (away and home) — 1 point.  
Attending JV games (away and home) — 2 points.  
Decorating for dances — 4 points.  
Working in concession stand (½ of a game) — 5 points. (¼ of a game) — 3 points.  
Selling projects — 1 point for every dollar.

A member must have 35 points to earn a letter or pin.

The sponsors, Miss Brenda Crockett and Mrs. Wanda Goggin, added that the Pep Club would help pay for the gas for the members to and from games. Also that the club supports the cheerleaders by paying for a part of their uniforms and presenting the senior cheerleaders a charm.

The Pep Club asks that all students bring their school spirit and good sports

Representatives from the Forest Hill cheering squad and Student Council will attend the pep rally tomorrow. The rest of their cheerleaders will arrive later in the afternoon. The visiting cheerleaders, and the home squad will eat and dress for the game at Mary Leigh Amerine's home.

The Student Council Representative will be the guest of a student "till the time of the game."

It is a tradition between Belle Glade and Forest Hill that the school playing away from home sends representatives to attend the other's pep assembly.

Every student will be asked to show his enthusiasm and confidence in the RAMS at the pep assembly for the Forest Hill game.

### Para Medics Attend Banquet

Para Medical officers and present members attended a banquet in their honor at the Glades General Hospital Tuesday night. New officers were installed. Invited guests were Mr. and Mrs. E. F. Saunders, Mr. and Mrs. J. Allen Baker, Mr. and Mrs. Irvin Zump, Mr. and Mrs. Herman Close, and Mr. and Mrs. Roy Litchfield.

All club meetings will be at the new hospital next year. Special guest speakers will participate.

The club offers membership to all students grades nine through twelve, male or female, who are interested in medicine, laboratory

work, or X-ray technology. Lockwood, Barney Weeks, Leslie Cowart, and Linda Rockwell.

Mr. Stevens directs the band which attends all football games and supports fighting Rams!

## Clubs, Activities, Integral Part Of Junior High School Program

The Junior High School is fast becoming a unified body. They are electing officers of organizations and general. Some of the major activities will be selling school colors and school mascot. Clubs and activities have become an integral part of the school program.

### STUDENT COUNCIL WRITES HANDBOOK

The new officers for the 1965-66 school year are Ramiro Fernandez-president, Susie Royal-vice president, Rexie Caldwell secretary, Melissa Schoepel treasurer. All officers are the eighth grade and were chosen by the school body. Mr. Charles Eason and Mr. L. A. Smith are the sponsors for the Council. One of the most important jobs for the

### Students Lose Holidays

The students lost two scheduled holidays because of Hurricane Betsy. These are October 8, the original Parent Conference Day and April 22, previously designated as FFA-ISTA meetings for teachers.

Schools were closed on September 7-8 when Betsy caused everyone to stay at home. The students enjoyed the extra two days off and came back to school refreshed on Thursday, September 9.

The Golden Rams romped in the Boca Raton Bobcats 33-7, on the home field last Friday night. This was the opening game of our first year in the Western Division of the Suncoast Conference.

In the first quarter the

Rams came on strong when senior Scottie Markham intercepted a Bobcat pass attempt. Quarterback Tony Latour began the scoring in the Western Division, kicking the extra point.

Later scorers were seniors Tony Latour, George McDonald and junior Bryant Davis. Five extra points were made by Davis, Mickey McAdams, McDonald, and Johnny Williams.

The Bobcats' sole touchdown and PAT was made by Ricky King in the third quarter.

In addition to the scorers, Pat Gilbert and Gary Walker shouldered most of the ball-carrying burden.

Enthusiastic fans cheered as the mighty Rams boosted the score. A near capacity crowd enjoyed the game.

We hope that this first game is the beginning of another winning streak as the one we experienced during Coach Burke's first two years as head coach.

### Pat Bowen Injures Ankle

Pat Bowen, center on the football team, broke an ankle during football practice September 2, and cannot play this season.

Pat was taken to Glades Memorial Hospital and from there to St. Mary's in West Palm Beach. He had fractured two bones in his right ankle.

Last year Pat was president of the sophomore class a member of the Beta Club, and a member of the baseball team.

### Glee Club

The Glee Club kicks off the year with new officers: Cheryl Stone, president; Margaret Bailey, vice-president; and Amanda Bailey, secretary-treasurer.

### CHEERLEADERS PRACTICE YELLS

The new cheerleaders for the 1965-66 season will be Kathy Collins, president, Shari Smith, Co-Captain, Rosanna Wood, Leslie Amerine, who seems to be following in the footsteps of her older sister, Mary Leigh who is on the varsity, Lillian Tomur, Carol Goff, and Diane Fussell. All cheerleaders are eighth graders.

### ATHLETES LACK MUCH NEEDED EQUIPMENT

Football practice has been in effect for the last two weeks. The boys practice every school day from 3:30 to 5:00. This week they have gone through grass drills and exercises.

About 75-80 boys went out the first day of practice.

As of yet, the Junior High Team has no schedule due to lack of equipment. At the beginning the boys will play intersquad games, divided into 2 divisions — 110 lbs. and under and 110 lbs. and over. They will have games every Friday with seventh period with rotating teams. Games on Saturday have four teams.

Last week a meeting was held of the boys' parents. Twenty-eight adults attended. During the meeting several pledges were given by parents. The students enjoyed the look toward the Athletic Council for additional support. Mr. Massey and Mr. Carter are the coaches.

### GLEE CLUB ELECTIONS OFFICERS

New officers for the Glee Club are Kathy Collins, president, Susie Royal — vice-president, Leslie Amerine — secretary, Jeff Hooker and David Stabelford custodians, Debbie Hill and Rosanna Wood — librarians, Laddys Williams — program chairman, Miss Janice Schwab is the director.

### Choosing Between Brothers Problem

by C. D. Smith

**THE WEEK'S LETTER:** I have a problem. I like two boys, who happen to be brothers. One of my girlfriends says that she has been with one of them. I know this is not true. But one of these brothers smiles at me every time he sees me. I would like to go out with him, but I like the other brother best and think he would not go out with me if I dated his younger brother. What should I do? My girlfriend has the same problem.

**OUR REPLY:** If a boy likes you, he will not like you any less

If you go out with his brother, he might be a bit unhappy if he sees you going out with his brother. But, this isn't your problem, as neither brother, apparently, has asked you for a date. If you like both boys, the wisest thing you can do is go out with either of them if you are asked. But, you won't have a very good time if you date one and go out with the idea that he is "second choice" and you wouldn't have gone with him if someone else had asked you.

Also, if you turn down dates waiting for a certain boy to ask you, you may be wasting your time. That certain boy may never ask you.

If you have a teenage problem you wish to discuss, write to: **TEENAGE CORNER, c/o THE HERALD, P.O. BOX 1000, BELLE GLADE, FLA. 33422.**

## Athletic Barbecue Was A Sell-Out!

The Annual Barbecue sponsored by the Athletic Council was a tremendous success according to all reports.

The barbecue held last Thursday night at the school cafeteria was attended by approximately 900 persons, in less than two hours. Many people were turned away, that had not purchased tickets. Some tickets were sold at the door earlier but they ran out of tickets. Lee Berryhill said this was the first time the response had been so great.

Well over \$700 was cleared from the event.

Everyone remarked that the barbecue chicken and dinner was delicious. The barbecue was turned out by veteran barbecuers, E. C. Mapp and Louie Kirchman and members of the council helped serve.

The ladies in the cafeteria prepared the other food for the dinner and served it.

Proceeds from the dinner will be used towards the sports program at Belle Glade High School.

LOUIS KIRCHMAN — one of the barbecue chefs checks to see if barbecue is ready.

E. C. MAPP — always on hand at any barbecue (left) takes a camera bow. Lee Berryhill enjoys laugh with Mapp's assistant chefs, Robert Hooker, Doug Thompson and John Causey, President Athletic Council.

passes.

Jerry Peacock ran for three touchdowns and John Pell passed for two more as Pahokee made Clewiston return to the Suncoast after a two-year absence a nightmare with a 40-0 victory. Pahokee had lost all 10 games it played a year ago.

Belle Glade, down last year after winning or sharing the conference title the previous two seasons, routed Boca Raton 35-7 in the latter's conference debut. Tony Latour ran for two touchdowns and passed for a third and George McDonold also scored a pair for the Rams.

In other conference games, Dennis Hutcherson

scored on a 12-yard run as Seacrest shut out Riviera Beach for the sixth time in seven years, 6-0; and Okeechobee and Jupiter, two other new members of the Western Division, played a scoreless tie Saturday night.

In non-conference activity, Rondell Reynolds went 17 yards in the first quarter for a touchdown and Vero Beach held on to beat Eau Gallie 6-0 and Dan McCarty dropped a 20-7 decision at Ocala, Forest Hill and Stuart were idle.

Four Suncoast games are on tap Friday. Lake Worth visits McCarty at Fort Pierce and Riviera Beach plays Palm Beach in the East, and Stuart opens at Okeechobee and Boca Raton.

ton travels to Clewiston in the West.

Inter-divisions games which do not count in the conference standings include Forest Hill's inaugural at Belle Glade and Pahokee at Seacrest. Non-league games are Cardinal Newman at Jupiter and Melbourne at Vero Beach.

## Mountain Home Opportunity

**MOUNTAIN VALLEY FARM — 63 acres with 40 acres excellent pasture - house, barn, springs, fruit trees, at the head of a beautiful small valley with excellent mountain view and plenty of water.**

Unusually good protection for a mountain home. One-half to three acre tracts can be sold off as desired or can be immediately subdivided. Less than three miles from Sylva, N. C.

Price \$22,500.00. Terms can be arranged.

We are told there is only one deed of record on this property since the original Spanish Grant. Present owner is a young Dentist raised on a neighboring farm who is opening an office in Franklin, N. C. and needs money to set up his office and buy a home.

Protection is due to this being the last farm on the valley road and just nobody goes up the road without being observed by the critical eye of the best neighbors one could have.

If this land were subdivided there would be practically no waste land and each home would be very close to the main stream which runs the year round.

## In Your Library

Tues. Sat. 8:30-10:00.  
1:00-5:00

Thurs. night, 8:30-9:00

For the benefit of several who asked, and others who wondered, the last sentence of the novel, P. S. WILKINSON, should have read, "The book marks the author's literary debut."

An impressive debut, at that! Those of you who read it will agree that C. D. P. Bryan deserves better than a "literary debut."

This week's list is for boys. It includes books by two authors the library staff have found to be much in demand, Jim Kjelgaard, & Howard Pesse.

**IRISH RED, SON OF BIG RED.** Kjelgaard.  
The runt, misfit offspring of the finest bird dog in Wintago. Wilderness is a rebel. In this story he proves himself.

**SHOW DOG.** Kjelgaard.  
A puppy learns the ways of survival, particularly when his trail crosses that of the black wolf.

**WILDLIFE CAMERMAN.** Kjelgaard.

A boy, whose ambition is to be a cameraman, spends a summer in the wilderness to test his ability.

**COLLAW RED.** Kjelgaard.  
A gripping account of a dog's adjustment to wilderness.

**THE BLACK TANKER.** Pesse.

A Stanford University student, and a cargo of fuel oil, make a suspenseful story.

**THE DARK ADVENTURE.** Pesse.  
A tale of action, mystery, and suspense revolves around California's hot rod gangs.

**HURRICANE WEATHER.** Pesse.  
A mystery deepens, despite a hurricane which sweeps everything before it.

**BLOOD BROTHER.** Arnold.  
A story, written against the background of Apache warfare, which was made

into the movie, **BROKEN ARROW.**

**JAMIE.** Bennett.  
A boy matures early, exposed to the rigors of a land as harsh as it is lovely.

**ADAM OF THE ROAD.** Gray.  
A lively story of a minstrel boy, in 13th century England.

**A BOY GROWS UP.** McKown.  
This is a book that deals frankly with many of the questions a boy asks.

**YOUR CAREER IF YOU'RE NOT GOING TO COLLEGE.** Splaver.  
Hints on how to hold your job, and advance, how to match qualifications with job requirements, and how to evaluate your true interests.

**THE RADIO AMATEURS HANDBOOK.** Heris.  
Everything the ham operator should know is included in a book with photos, drawings, and a glossary of terms.

## Barbecue Sauce Brings Out Best In Spareribs

Barbecue sauces for different meats vary distinctly. With beef a piquant sauce seems to bring out the flavor best, while with pork, a slightly sweeter sauce is often preferred.

Spareribs which come from a barbecue sauce that has catchup, Worcestershire sauce and mustard as the main ingredients. There's a bit of vinegar and brown sugar to give the proper balance of sweet and sour to the sauce.

Have the spareribs sawed across the rib bones, advises widely known meat authority Reba Staggs, so they can be cut readily into serving pieces. Depending upon the size of the

rack of ribs, these will be two with salt and pepper. Place in a shallow baking pan, cover tightly and cook in a moderate oven (325° F. to 350° F.) 1 hour.

Pour off drippings. Combine onion, vinegar, brown sugar, catchup, Worcestershire sauce, mustard, water and hot sauce. Pour mixture over spareribs and continue cooking uncovered for 1 hour or until done. Baste occasionally with barbecue sauce 4 to 6 servings.

## Public Meet Called By School Board

Palm Beach County school board has invited State Senator Jerry Thomas and other members of the county legislative delegation, to a public meeting scheduled September 29, at 7:30 p.m. in the West Palm Beach City Commission room in City Hall.

Superintendent Robert W. Fulton told the lawmakers, in his letter of invitation, that the meeting is "for the purpose of discussing with the board, the 1965 legislative acts requiring referendum . . . They are:

1. Abolishing the three-man county board of school trustees;
2. Abolishing salaries for members of the school board;
3. Increasing the number of school districts from five to seven;
4. On whether to appoint, instead of elect, a county superintendent.

In asking that such a meeting be called, school board member Dr. A. D. Thorp, of Delray Beach, said he was especially interested in "learning the identity of the proponents who are advocating these changes — and why."

The school board members currently are paid \$250 a month, with the board chairman receiving \$275 a month. Palm Beach County's school superintendent is currently elected to four year terms of office.

John Alexander, Director of Sales for APA International, expects to fly with the group. A native of Massachusetts, Alexander grew up in Panama and speaks fluent Spanish, the language heard everywhere in the Republic of Panama.

As an indication of the size of the weed control problem in western Florida, Miles said the FCD is currently spending \$200,000 a year to keep the District's waterways clear of vegetation. Unless some new method of weed control is discovered — such as the use of manures — it's expected that the District's weed control costs will increase to \$500,000 a year when the Flood Control Project is completed.

Total costs of aquatic weed control in Florida — including expenditures by cities, counties, drainage districts, individuals and other state and federal agencies — run into several million dollars annually. It is predicted that if weeds were left untreated, all the waterways in the southern U. S. would be choked with vegetation and impassable to navigation within three years.

On the Panama trip the Florida officials also expect to meet Canal Zone Governor Robert J. Fleming, Jr. A half-day tour by U. S. railroad across the 50-mile Isthmus to the City of Colon on the Atlantic side is also planned. The Canal Zone officials, in addition, are arranging an evening cruise on the U. S. vessel "Las Cruces" featuring a partial transit of the Canal, which is lighted at night.

The FCD and the U. S. are also involved in navigation of series of boat locks operating on the Kissimmee Waterway in the cross-state Okeechobee Waterway and on the northwest shore of Lake Okeechobee are, of course, dwarfed in size by the Panama Canal facilities.

The U. S. Lock at Olga, near Ft. Myers, measures 400 by 56 feet and passes boats of 14-foot draft. The Panama Canal locks are 1,000 by 110 feet and pass vessels of 35-foot draft. In transiting the Isthmus, vessels are lifted 85 feet to the levels of Gatun Lake in a series of steps before descending that distance to sea level on the opposite coast.

Milton Carpenter - City Manager Hughley

## City Mgr Huguley Accepts \$37,880 From M Carpenter

City Manager Tevis Huguley accepted a check for \$37,880 from Milton Carpenter as initial payment towards the contract to rebuild the Municipal Golf Course Clubhouse. There will be another check of approximately \$16,000 when the contractor has finished the rebuilding.

"The City is very fortunate," says Mr. Carpenter. "In having a policy which requires the rebuilding, or replacing of a destroyed facility by the insurance company, rather than a specified amount."

"Mr. Anderson arranged the original policy and Mr. Huguley handled the renewal on the REPLACEMENT feature."

The Insurance Company after advertising, let the contract for the new building to Pactus and Schwartz, as the low bidder.

Manager Huguley advises us that 90 working days are allowed under the contract for completion of the building, but much less time than that is anticipated.

The building site will not be the exact one of the original building, nor will it be an exact duplicate. Arrangements have been made to make slight changes, and if additions are to be made they will be paid for by the City.

Complete refurbishing will be included in the operation, as a definite item is included in the final settlement covering this.

## C&SF FCD Visit Canal Zone To Study Seacows' Forage On Aquatic Weeds

A seacow safari into the jungles of the Canal Zone is planned by eight Florida officials and an associate professor from Florida Atlantic University.

The visit will investigate a new U. S. Project utilizing seacows (also known as manatees) to eat aquatic weeds and will compare notes on a three-year study of the mammals currently being sponsored by the Central and Southern Florida Flood Control Dist. (FCD).

The group will fly to Panama on Aerovias Panama Airline, leaving Miami September 24. The APA airline flies over Cuba en route.

Riley S. Miles of Kissimmee, Chairman of the FCD Governing Board, said the group will travel from Panama to Gamboa in the interior of the Isthmus and thence by small boat up the Chagres River into the jungle where five adult seacows and a baby are penned in a seven-acre lagoon.

For more than a year, the Flood Control District has been sponsoring a manatee study directed by Dr. Peter Sguero of Florida Atlantic University.

Currently the District has six of the mammals in a specially fenced sector of canal near Ft. Lauderdale. Dr. Sguero has pointed that the animals have proven themselves excellent weed eaters, and the main item now to be studied in Florida.

MR. AND MRS. STUART HARTLYN FULLER

## Harvey-Fuller Vows Exchanged

The Hunter Air Force Base Chapel at Savannah, Ga., was the setting for the marriage of Miss Beth Gace Harvey, daughter of Mr. and Mrs. Earle W. Harvey of Savannah, and Stuart Hartlyn Fuller son of Mr. and Mrs. Stuart B. Fuller, of Belle Glade.

The wedding was solemnized at 9 a. m. August 7. Chaplain Zack Celson officiated and Mrs. Mary Mercer organist played the wedding selections.

The chancel held fan-shaped arrangements of white gladiolus, mums and fern. The altar was graced with the same arrangements in addition to the candelabra holding white tapers. The lovely bride escorted by her father, wore a white wool ensemble, complemented by shoes and pillbox of ice blue chiffon. Her only jewelry was a diamond and pearl sunburst pendant. It was made by the groom's great-grandmother. She carried a white prayer book with a white orchid and feathered carnations.

Miss Kitty Harvey, sister of the bride was maid of honor in a dress of white pique and organza. Her accessories were an ice blue Dior bow and matching shoes. She carried an old-fashioned nosegay.

William Fuller was his brother's best man and William Fink was usher. The bride's mother chose a beige knit suit with tan accessories and a corsage of yellow roses. Mrs. Fuller was attired in a jacket sheath of Nile green shantung and champagne accessories, accented by a corsage of yellow roses.

Following the ceremony a reception was held at the Skyline Service Club. The lounge was attractively decorated with varied arrangements of white and blue flowers placed in fern. The focal point was the beautiful tiered wedding cake topped with white frosting and blue flowers.

## Travelers Enjoy 9,000 Mile Trip

Mrs. J. I. Freedlund and her mother, Mrs. E. G. Everett of Coral Gables, have just returned from a three-months vacation traveling 9,000 miles.

Williamsburg was visited on the way north, also the Jack Johnson's in Alexandria, Va. They stopped in Thurmont, Md., to visit Mrs. R. R. Taylor. The Taylors were in Belle Glade many years ago when he managed the Canning Plant. While staying with friends in White Plains they toured the World's Fair. A week was spent in Napanea, Ontario, Canada with a Canadian friend who took them to Quinte's Isle and many other interesting places. By prearrangement Carolyn Doll and family met them in Clay, N. Y. and from there drove to Lyander where her grandfather and grandmother were born.

Devil's Lake, the Great Lakes, they passed thru the middle west beyond Denver and over the Rockies and Continental Divide to Grand Junction to stay with cousins. They took them along the 22 miles of Rim Rock Drive to the top of the Colorado National Monument. The array of red sandstone towers and spires rise from the floor of Monument canyon. The rock formation was thousands of feet high, and was the most spectacular and colorful sight of the trip.

Going south thru New Mexico they saw the desert as there was nothing to see except rolling hills and sparse scrub vegetation.

The Hachet Ranch of 250 sections in Hachita, New Mexico is owned and operated by their cousins. The rambling ranchhouse is built of adobe. This ranch extends almost to the Mexican border. In Las Cruces took them to Juarez, Mexico where they had lunch and visited a huge colorful market. No fruit or vegetables were allowed to be taken back across the border.

Starting east, they stopped to see the Vernon Powers, former residents of Dallas, who are making their home now in Memphis, Tenn. A month was spent in Sylva, Asheville and Blenda enjoying the mountains and a week in Jacksonville with Mrs. Elaine Woolley and Mrs. Charles Doll and their families.
